**Dear Families,**

## **NEWSLETTER – Week 8, Term 2**

### **Keeping your kids healthy – behaviour management**

As all parents and carers know, children grow up very quickly. It is critical to your child's success to have consistent boundaries while they are still young. As your child grows into a teenager with hormonal changes they will constantly challenge your authority. Given teenagers become taller and heavier they are difficult to manage mentally and physically.

The adults' management of the child's behaviour is essential in maintaining order and structure in the lives of busy families (and classrooms), as well as setting children up for success.

Adults being persistent and consistent are the fundamental requirements of a successful behaviour management plan. Importantly adults should only put strategies in place that they can and do follow through on.

### **Room 1 Visual Arts**

The students in Room 1 have been learning about visual art techniques with Ms Urquhart on Thursday afternoons. Some of the students are shown with their 'self-portraits'.

### **Mini Disability Expo**

Thank you to Danielle Northey, Gerald Honner, Kath Lord and attending service providers who offered our community some much needed contacts for carers of people with disability. We had plenty of visitors from other schools and the community which made this two hour session worthwhile.

We didn't have many families from our school so we hope that our families already have this information and understand the NDIS process! If you couldn't attend yesterday, there is the Tamworth Expo on Thursday 20<sup>th</sup> September at the Tamworth Sports Dome (7 – 9 Jack Smyth Drive) from 9:30am. Our older students normally attend this expo to help with catering.

### CWA Poster – Poland

Thank you to our students from Room 3 who made a wonderful poster highlighting the features of Poland. Ally and Lissy are shown below left with Coralie Howe who's the CWA President.

Bec Gander and Karen Mainey presenting Brandan with his Year 12 Guernsey
