## Active travel to and from school

Active travel involves walking, bike riding, scooting or catching public transport when travelling between home and school. It can be all or part of the way!

Tips:

- Plan your route ahead of time – what way is safest?
- Practice the journey as a family on the weekend
- Join up with other families in your neighbourhood
- Park your car further from school and walk the rest of the way
- Children under 10 should always hold an adult's hand when crossing the road

If your child can't safely walk or ride to school incorporate physical activity into your day another way.
